There are traitors South, there are traitors North; but there

A NEW IMPLEMENT OF WAR .- We yesterday had a paragraph with regard to the recent invention of Michael Ritner, Esq., of Vincennes. The Cincinnati Gazette, speaking with regard to the trial of it, says: A heavy malleable iron target, two inches in thickness, lined with eight inches of solid oak, was perforated through and through with this new missile. Only one pound and a quarter of powder and a ten pound ball from a three inch Dahlgren was used. The experiment was a complete success, and exceeds anything ever before accomplished. The improvement which consists in the sabot and ball, both being constructed upon a plan not heretofore adopted, claims the serious attent on of the Government. It is thought by scientific artillerists who witnessed the test, that with twenty-five pounds of powder and a 100-pound shot-no iron-clad vestel entucky are in circulation which are spurious. that can float, will be able to withstand it.

Seventh-If he has not the means to answer these inquiries to take the necessary steps to ob-

tain the information. On motion of Mr. Lovejoy the resolution was tabled by a vote of 65 against 31, Republicans On motion of Mr. Porter a resolution was

adopted instructing the Committee on Invalid Pensions to report a bill providing pensions for disabled soldiers of the present war.

The House reconsidered the vote by which the

resolution was to day adopted calling for the expenditures of the Western Department, and then rejected it.

Mr. Diven's resolution was tabled, and the resolution of Mr. Aldrich, instructing the Judi-ciary Committee to report back the bill for the

with swindling, was passed. Adjourned.

trial and punishment of military officers charged

Riot in St. Louis. Sr. Louis, April 21 .- A riot occurred at East

St. Louis on Saturday night, in which three men were injured. In consequence of high water the inhabitants stopped up the culvert on the Ohio and Missis. sippi railroad, to prevent the town being submerged. The road master fearing the track would be washed away, proceeded with the track hands to remove the obstructions. They were met by a crowd who ordered them off. The matter was referred to the Provost Marshal, who sent over a guard of sixty men to quell the disturbance and protect the railroad men. They found 75 or 100 men assembled to prevent the obstructions from being removed. The crowd was ordered away but refused to go and the guard advanced. Several shots were fired at them but no one injured. The guard then charged bayonets

in the crowd, and three men were injured, one seriously. Yesterday Col. Parsons and Mr. Bacon, President of the road, went over to examine into the matter, and decided to allow the obstructions to

remain, as their removal involved the destruction of a vast amount of property. It is doubtful whether the embankment of the

road will prevent the town from being sub-

merged, as the road is nearly overflowed in seve-

From Washington. Washington, April 21 .- A State prisoner, Jesse D. Horton, from near Hagerstown, Mary-

land, was shot by a sentry yesterday, at the old Capital prison, and died in a few hours after. The recent order of the Treasury Department forbidding the shipment of coal to foreign and home ports south of the Delaware has been so far modified as to confine it to the ports north of Cape St. Rogue, South America, and west of
